

Have you been recently diagnosed with Premature Ovarian Insufficiency (POI) or are undergoing treatment for the condition?

Would **you** be interested in taking part in a study looking into which treatment is better to help with short and long term effects **POI**?

If **yes**, then please speak to a member of our staff about the **POISE** study and how you can become involved.

Local Principal Investigator: Prof Melanie Davies

Local Contact: Gynaecology Research Team
