

Turner Summer Sensational Salute
Raising Awareness and vital funds
11th May – 21st June 2021

This year in celebration of Turner Syndrome Awareness Day we are asking if you can please support us by raising £21 during the 42 days of our Summer Salute, this equates to 50p per day

It has been a very difficult time for us all, the society has continued to support families as best we can, we are all desperate to see you again.

When it is safe to do so.

We wish you and your families good health.

Fundraising through covid times has been very difficult, and we so appreciate everyone who has been able to fundraise or support fundraising

Our Turner Summer Sensational Salute is this years fundraising challenge in aid of the TSSS. Please celebrate your success on our social media pages and lend your support and encouragement to others.

Thank you in advance, we hope you can help,
together we can make a difference.
